

## References

Papers and books cited in this book are listed below in alphabetical order by the family name of the first author and also several materials are posted at the Cold Fusion Research Laboratory (CFRL) website: <http://www.geocities.jp/hjrfq930/>

Several papers presented at Conferences and published in conference Proceedings are posted there as pdf files and also distributed by request to the author at the following mail address: cf-lab.Kozima@nifty.com
